This week, we will begin chapter two in our Everyday Math series. In reading we will be reading leveled fiction books. **Please note**, the nightly **FUNDations homework** is designed to prepare students for their end of the unit assessment. It is best used when the words and sentences are spoken to the student and he or she can NOT see them. Some students have made mention of copying them on the bus etc.... While that will help the students, it will not help them nearly as much as if they write the words **WITHOUT** being able to see them. Then, they can check them, discuss any mistakes with an adult and fix them.
